

Company Policy

NSG Environmental Ltd is dedicated to providing a service to our customers, which fulfils their needs and satisfies our desire for continual improvement.

NSG will strive to be the leading company in the provision of design, development and project co-ordination for facilities and processes associated with the management of hazardous wastes, nuclear decommissioning and contaminated land reclamation.

The pursuit of excellence is assisted and supported by compliance with a number of standards and the adoption of best practice. NSG will continue to operate a documented, integrated management system incorporating Quality, Health, Safety, Welfare and Environmental Management.

Our Vision

To be the first choice nuclear contractor.

Our Mission

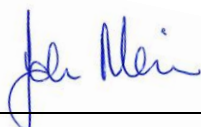

We will achieve our vision with our people safely, ethically and to the benefit of our stakeholders.

Our Culture

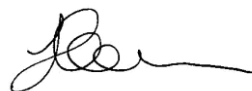

Our culture will be one of openness, honesty and integrity where our customers will be the focal point in all we do as we strive to be the best both as individuals and as a Company within the guidelines above.

Our Values

- **Customer focus:** We focus on both our internal and external customers and ensure that we exceed their expectations.
- **Aspirations:** We strive to be the best at what we do both as individuals and as a Company.
- **Teamwork:** By understanding our roles and responsibilities we will perform as a cohesive unit.
- **Zero tolerance:** Our zero tolerance policy applies to all that we do. We challenge each other to perform at our best on every occasion. 'Just good enough is not good enough.'
